English summary: Raik Heckl shows that the composition of the book of Job as a poem framed by a prose text was developed by adding the prose frame to an earlier independent poem. In this earlier poem, Job was depicted as a pious pagan, who held onto his relationship to his deity. In the Yahweh speeches, the God of Israel reveals himself to Job. The earlier poem deals exemplarily with the question of God's attitude towards suffering. The prose frame transfers this image of Job into a theological concept of history. Job, who in the prologue is already presented as a pious worshipper of Yahweh, becomes a representative of Israel's fate. His final restoration prefigures the coming restoration of Israel and thus constitutes a contrast to the Deuteronomistic theological concept of history in the books of Samuel and Kings. German description: Raik Heckl weist nach, dass das Gegenüber von Prosa und Dichtung im Hiobbuch dadurch zustande kam, dass eine ältere Hiobdichtung mit eigener Kohärenzstruktur und Intention nachträglich erzählerisch gerahmt wurde. In der älteren Dichtung wurde Hiob als frommer Heide dargestellt, der an seiner Gottesbeziehung im Leiden festhält und dem sich in den Gottesreden Jhwh, der Gott Israels, in einer persönlichen Gottesbegegnung offenbart. Während sich die Dichtung in exemplarischer Weise mit der Frage nach Gottes Stellung zum Leiden beschäftigt, werden Thema und Hauptfigur in der Rahmenerzählung geschichtstheologisch umgedeutet. Hiob, der hier von vornherein als Jhwh-Verehrer erscheint, wird durch eine strukturbildende Verarbeitung von 1 Sam 1-4 zum Repräsentanten des Geschicks des Volkes Israel gemacht. Die Wiederherstellung des unschuldig Leidenden weist auf eine zukünftige Wiederherstellung Israels hin, wodurch das deuteronomistische Geschichtskonzept der Samuelis- /Konigebücher kontrastiert wird. Tell it to George, reveals how to avoid identity theft, scams, con artists, bogus contests, and paying outrageous prices for anything! In this brash and audacious debunking of the myths and manipulation that brought the world to oil addiction, alt fuel expert Marc J. Rauch brilliantly lays out how ethanol can change the planet for the better--and along the way helps us navigate the noise of petroleum advocates. The Ethanol Papers is a rough-and-tumble, no holds-barred crystallization of the ethanol vs. gasoline conflict. Written in plain jargon, non-scientists, non-academics, and politicians alike will find it compelling. Yet this is no "Idiots Guide to Biofuels" or "Alt Fuels for Dummies." Rather, The Ethanol Papers is the most in-depth and complete explanation of the ethanol-oil problem now available, targeted for smart people who demand facts.
